Vehicles

The Crafter Brochure

Volkswagen Commercial Vehicles' Van Centres. Working with you.

It's more than a van to you.

You're more than a customer to us.

We know that when you choose Volkswagen Commercial Vehicles, you're looking for more than just four walls on four wheels. You want a van that looks after itself while you take care of business. A vehicle that makes a statement, as well as a delivery. An investment for the future that makes a difference today.

To us, you're a partner.

By being there to get to know how you work and what you need, we can offer you more – supporting your plans year after year. It means a partnership that lasts as long as your ownership, with a vehicle and a team that's with you for the journey.

Our dedicated network of Van Centres.

Over **20 Dealerships** and **41 Authorised Repairers** means you're only around 45 minutes on average from our door.

Everything for the job... ...and the journey.

The right van.

We're commercial vehicle experts and finding the right van for your business is what makes us tick. We'll guide you through the range, take you on a test drive and cover all the options.

The right accessories.

From mudflaps to sat navs, plying to roof racks, we'll work with you to create the perfect van – keeping everything 100% Volkswagen to aid high residuals.

The right finance.

Every business is different, so we stay flexible, with a range of finance packages to choose from. Depending on your preference, we'll go through the options to find the one that suits you best.

The right support.

Nothing matters more than keeping you mobile, so our servicing options are built around you. You'll also enjoy three-years' free Roadside Assistance with your new van.

The right service.

We understand it's the little things that make the difference, so we set high standards. We'll call you when we say, keep you informed on delivery dates and support you long after purchase.

And there's more...

We offer a lot more than you might think. From cost-effective van rental or an air conditioning recharge, to a wide selection of premium and budget replacement tyres, if we're not able to help, we'll try and point you in the right direction!

More practical, economical and innovative than ever before. The Crafter panel van is a commercial vehicle like no other. Designed by our customers for our customers. Built from the ground up, using 100% Volkswagen DNA as a cost-effective, transport-oriented solution to meet the demands of a diverse range of businesses. The Crafter panel van represents state-of-the-art manufacturing, with the sole aim of making it the best commercial vehicle in its class.

Crafted by you. Engineered by us.

Ready for the toughest jobs.

- Robust design, technologies and driver assistance systems.
- More practical, economical, and innovative than ever before.
- Outstanding in its class.

The perfect workplace.

- Available with an ergoComfort/ergoActive suspension seat*
- A variety of storage solutions with a wide range of different ports and connections
- Available with a heated leather multi-function steering wheel*
- Available with a 230V socket (300w)*

Excellent loadability.

- High load compartment of up to 2,196mm
- Wide side sliding door with an opening width of 1,311mm
- LED load compartment lighting*
- 100mm lower loading sill ²
- Up to 18.4m load volume ¹

A choice of drive systems.

- Front wheel drive delivers the highest possible load compartment
- The first van to offer an 8-speed automatic gearbox with a choice of front wheel, rear wheel and 4MOTION all-wheel drive

Value for money.

- High residual value
- Low fuel consumption
- Low maintenance costs

Superb connectivity.

- Telematics preparation including FMS 3.0 compatibility*
- Customer-specific function control unit (for special bodies and conversions)*
- Car-Net mobile online services

Load securing options.

- Available with an optional universal floor*
- Load compartment designed for the addition of flexible shelving systems
- Interior roof rack*
- Up to 14 load-lashing rings

Numerous driver assistance and safety systems.

- The first with City Emergency Braking and Automatic Post-Collision Braking as standard
- Electromechanical Servotronic steering as standard
- Side protection*
- Lane Keeping Assist
- Rear Traffic Alert*
- Trailer Assist*
- Park Assist*
- LED headlights*

* Available as an option. 1 Will be introduced at a later date. 2 Figure applies to the Crafter panel van with front wheel drive, compared to rear wheel drive and 4MOTION all-wheel drive. Illustration includes options at extra charge. Please contact your local Volkswagen Commercial Vehicles Van Centre for details of the standard equipment and optional extras available.

The perfect workplace.

Delivering storage, comfort and technology.

Storage and carrying compartments.

- Practical open storage compartments, consisting of three separate spaces
- Multiple sturdy cup holders
- Largest glovebox in its class
- Lower dashboard tray with space or longer items
- Storage in the doors for 1.5 litre bottles, folders and much more. Optional above-cab storage

Ports and connections.

- Standard USB port for charging mobile devices
- Standard Bluetooth® connection for mobile phones in conjunction with all radio and navigation devices
- Multiple 12V sockets. Optional 230V socket for charging tool batteries and laptops (not shown)

Comfort.

- Optional heated leather multi-function steering wheel
- Narrow 'A' pillars for improved all-round vision

The ergoComfort suspension seats. Adjustable for a more comfortable driving position.

The optional ergoComfort and ergoActive suspension seats with 20-way adjustment are designed to deliver optimum comfort through the reduction of road-related jolts. The combination of electric and manual adjustment allows the driver to select their preferred seating position. In addition, should you desire, the massage function is also available for the ergoActive suspension seat only.

The ergoComfort suspension seat.

- A Suspension seat with weight adjustment
- B Longitudinal seat adjustment
- C Seat height adjustment
- D Seat depth adjustment
- E Seat tilt adjustment
- F Backrest adjustment
- G Electric 4-way lumbar support
- H Headrest adjustment
- I Armrest adjustment

The ergoActive suspension seat.

- J Seat massage function*

* This feature is in addition to the standard features of the ergoComfort seat.

Two optional large storage compartments in the roof shelf.

A wide range of drive systems.

The Crafter panel van – available with an 8-speed automatic gearbox and a choice of three different drive systems.

The 8-speed automatic transmission is the only one in its class that can be combined with three different drive systems. It has been specially calibrated for the Crafter panel van's specific driving characteristics, enabling both comfortable and consumption-optimised handling.

Front wheel drive.

100mm lower load sill and entry height.
Highest load height in class.
Highest payload in the range.

Transversely-mounted front engine.

140HP engine

6-speed manual gearbox

8-speed automatic gearbox

177HP engine

6-speed manual gearbox

8-speed automatic gearbox

4MOTION
all-wheel drive.

Dependable traction and control.
Improved directional stability.

State-of-the-art
driver assistance and safety systems.

Illustration includes options at extra charge.
Please contact your local Volkswagen Commercial Vehicles Centre for details of the standard equipment and optional extras available.

Crosswind Assist.

As part of the Electronic Stabilisation Programme (ESP), the standard Crosswind Assist applies adaptive braking intervention when the vehicle encounters a strong crosswind.

Front Assist with City Emergency Braking System.

this optional extra detects critical distances, warns of hazardous situations and when necessary, triggers emergency braking.

Images shown are for illustration purposes only and may not necessarily reflect Irish specification.

01 Automatic Post-Collision Braking System.
Fitted as standard, the Automatic Post-Collision Braking System triggers braking after a collision, with the aim of preventing secondary collisions.

02 Adaptive Cruise Control (ACC)*.
Optional ACC uses a front radar to measure the distance (up to 120 metres) and speed relative to vehicles driving ahead. It automatically regulates the pre-set distance. ACC also includes the Front Assist with City Emergency Braking System. This detects critical distances, warns of hazardous situations and when necessary, a speed of up to 18mph triggers emergency braking.

Side protection (not illustrated)*.
Available as an option, Side protection monitors the vehicle's sides and alerts you with visual and audible warnings if you're getting too close to other vehicles, pillars, walls or pedestrians.

03 Lane Keeping Assist.
Lane Keeping Assist countersteers the vehicle if the driver unintentionally drifts from a lane. The system also emits audible and visual warnings via the multi-function display to alert the driver of danger.

04 Rear Traffic Alert*.
Available as an option, Rear Traffic Alert helps by emitting an audible warning when reversing out of a parking space if another vehicle is getting too close. If the driver fails to respond, the system intervenes and applies braking to help avoid a collision.

05 Park Assist*.
This useful option aids positioning into parking spaces. When reverse is engaged, the vehicle assumes control of the steering. All that's required of the driver is to operate the accelerator and brake pedals, whilst keeping a good lookout.

06 Light Assist high-beam assistant*.
This practical option automatically dips the headlights when it detects oncoming vehicles, or vehicles travelling ahead, to prevent other drivers from becoming dazzled. The system automatically switches on the high-beam headlights when the vehicle is travelling above 37mph in darkness.

1 Within the system's thresholds. Please contact your local Volkswagen Commercial Vehicles Centre for details of the standard equipment and optional extras available.

Images shown are for illustration purposes only and may not necessarily reflect Irish specification. *optional extra

Electromechanical Servotronic steering.

Fitted as standard, Electromechanical Servotronic steering provides a speed-sensitive operation with active return. This improves the steering feel around the mid-point, providing improved levels of steering precision.

Electronic Stabilisation Programme (ESP).

Fitted as standard, ESP is designed to prevent the vehicle from swerving in critical driving conditions by controlled and targeted intervention in the brakes and engine management system. This helps to maximise directional stability.

Rear-view camera. *

Simplifies parking by showing a limited view of the area behind the vehicle on the display of the radio or navigation system. Additional guidelines help the driver manoeuvre into the space. Optional on all models.

Cruise control.*

At 18mph and above, the system maintains your chosen preset speed through uphill and downhill inclines.

Tyre pressure monitoring system. ¹

Displays the current pressure for every tyre and warns of deviations from the set pressure.

Driver Alert System.

Uses visual and audible warning signals to recommend that the driver takes a break as soon as it registers driving behaviour that indicates tiredness. Standard on all models.

Road Sign Display.*

Detects road signs and informs the driver about the current traffic situation. Optional on all models.

Fog lights with cornering function.*

Ensures optimum visibility in poor weather conditions and illuminates the roadside when turning.

Hill Descent Assist. ²

Allows you to descend slopes in a safe, controlled way by regulating the engine speed and applying the brakes as necessary.

Hill Start Assist.

This prevents the vehicle from rolling back on inclines, making it easier to start off on uphill slopes. Standard on all models.

Lane Change Assist – Side Scan.

Side Scan displays a warning signal on the exterior mirror as soon as one of its sensors detects a vehicle in a blind spot during a lane change.

Anti-lock braking system (ABS). ¹

Prevents wheels from locking up and, thus, maintains manoeuvrability. Standard on all models.

Traction control system (ASR).

Prevents wheelspin on poor or unstable surfaces.

Driver's and front passenger's airbags.

Provides the best possible protection in the event of a frontal impact as a standard feature. Side airbags are also available as an option.

Seat belt warning.

If their seat belt is not fastened, the seat belt warning reminds the driver to fasten it with a visual warning when the engine is started, and an audible warning after setting off. Standard on all models.

Crafter

¹ Within the system's thresholds. *optional extra

Illustration includes options at extra cost. Please contact your local Volkswagen Commercial VehiclesCentre for details of the standard equipment and optional extras available.

The Crafter panel van.

The Crafter panel van is distinguished by having even better loadability and load securing than ever before. The dimensions are ideal for transporting Euro pallets and roll containers. The factory-fitted preparation for shelves and cupboards, the optional universal floor and the optional internal roof rack combine to create even greater flexibility in the load compartment.

Highlights of the Crafter panel van

- Lowest aerodynamic drag in its class
- Largest load compartment height of up to 2,196mm¹
- Largest side loading and opening width of 1,311mm via the sliding door

1 Value applies to the Crafter panel van with long wheelbase Maxi, super-high roof and front-wheel drive.

2 In comparison to rear-wheel drive and 4MOTION all-wheel drive.

Illustration includes options at extra charge. Please contact your local Volkswagen Commercial Vehicles Van Centre for details of the standard equipment and optional extras available.

1

01 Rear wing doors*. The two roof-height doors provide an opening angle of 180°.

02 Wooden floor*. This 8mm thick wooden floor for the load compartment provides the optimum surface for your cargo to rest on. Robust beechwood ensures outstanding sturdiness and resilience.

03 Universal floor.*This wooden floor is the ideal basis for retrofitting the shelving and cupboard systems available from a range of manufacturers. Special adapters enable cupboard systems to be easily fastened using the notches. Longitudinal and transverse load-lashing rails are available as an option for the universal floor.

Storage pockets for the rear wing doors (not shown).* The removable storage pockets provide a safe and handy storage option for small tools.

Protective grilles for the rear wing doors (not shown).* These protect the rear windows against glass breakage and also help to prevent theft.

Up to 14 load-lashing rings (not shown). The Crafter panel van features two additional load-lashing rings on the partition allowing you to securely fasten cargo with tensioning straps and nets. The adjustable load-lashing rings are recessed to lie flush with the floor. To reduce the risk of being a trip hazard, they can also be folded to the sides in the vicinity of the doors.

Innovative load compartments

- Preparation for shelving systems
- Available with a sturdy, hard-wearing beechwood floor
- Up to 14 high-strength, retractable load-lashing rings

* Optional at extra cost.

Illustration includes options at extra charge. Please contact your local Volkswagen Commercial Vehicles Van Centre for details of the standard equipment and optional extras available.

01 Bulkhead – full-height without window. A roof compartment above the driver's cabin is available upon request for the high roof variant and is a standard feature with the super-high roof.

02 Half-height plywood side lining.* The load compartment cladding made of 5mm thick rigid plywood panels is especially robust. It is fitted from the floor up to the load-lashing rails and is also highly durable.

03 Storage boxes above the wheel housings.* Fitted above both wheel housings in the load compartment and provide space for tools, high visibility vests, gloves, etc.

04 Roof-height plywood side lining.* 5mm thick rigid plywood panels make this side cladding especially resistant to impacts and is also highly durable.

05 Load-lashing rails.* Robust metal rails are available for the side walls, the bulkhead, the roof frame and universal floor for optimum load securing.

Solutions for partitioning, securing and working

- Optional internal roof rack for long objects
- Also available with optional load-lashing rails on the side walls, partitions and also on the roof

06 Internal roof rack.* Enables easy transport of long objects. The two rails can be moved within the vehicle and adjusted to the length of the objects. They can also be removed when the roof rack is not needed.

230V socket, external and internal (not shown).* The 230V external CEE socket provides the interior of the vehicle with an electricity supply of up to 2500W (16A) via a socket in the load compartment. This enables electrical equipment to be used inside the vehicle. The scope of delivery also includes a circuit breaker and a charger for the vehicle battery.

07 LED load compartment lighting.* Four LEDs integrated into the headlining provide bright and evenly distributed illumination of the load compartment.

12V sockets (not shown).* A 12V socket is integrated into an accessible location on the D-pillar of the rear wing door and on the sliding door.

* Optional at extra cost.

Illustration includes options at extra charge. Please contact your local Volkswagen Commercial Vehicles Van Centre for details of the standard equipment and optional extras available.

Easy to load. Loads of space.

Side sliding door with 1,311mm opening width. Easy to load and unload with common load carriers such as Euro pallets.

High load compartment with up to 2,196mm.¹ In conjunction with front wheel drive, the Crafter panel van offers a competitive load height for its class.

100mm lower load sill. Compared to the rear wheel drive and 4MOTION all-wheel drive, the front wheel drive further simplifies loading and unloading thanks to its lower load sill.

Universal floor for fitting third-party storage systems.⁵

The optional wooden floor is the ideal base for fitting your choice of storage system from a range of manufacturers. Special adapters for the notches in the floor deliver the flexibility to add or remove items with ease.

Preparation for shelving systems. Numerous hexagonal holes for M6 screw fittings are located every 100mm within the load area, simplifying the mounting of shelves and storage units.

Wheel Base	Medium	Long	Maxi
Load Dimensions	Length: 3,450mm Width: 1,832mm	Length: 4,300mm Width: 1,832mm	Length: 4,855mm Width: 1,832mm

¹Not available with a low roof. ³ Not available in conjunction with a super-high roof. ² Optional at extra cost.

Illustration includes options at extra charge. Please contact your local Volkswagen Commercial Vehicles Van Centre for details of the standard equipment and optional extras available.

Audio & Communication.

01 Radio 'Composition Colour'

Fitted as standard on the Trendline (optional on Startline), the Composition Colour DAB+ radio system features a 6.5 inch TFT touch-screen colour display, two USB (type-C) ports, Bluetooth®, SD card slot and four speakers delivering 20 watt output. It also features App-Connect, an integrated eSIM and mobile online services as part of VW Connect and VW Connect Plus.

02 Radio 'Ready 2 Discover'

Fitted as standard on the Highline (optional on Startline & Trendline), the 'Ready 2 Discover' radio system features a 8 inch TFT touch-screen colour display, four speakers delivering 20 watt output and Navigation system preparation. It also features wired & wireless App-Connect, an integrated eSIM and mobile online services as part of VW Connect and VW Connect Plus.

03 Navigation system 'Discover Media'

The Optional 'Discover Media' satellite navigation system features an 8 inch colour touch-screen with proximity sensor. The system also includes a 32GB media storage, natural voice control, free map updates via the internet and mobile online services with Volkswagen VW Connect Plus, App-Connect and integrated eSIM.

VW Connect¹ and VW Connect Plus^{1,2}

With Volkswagen VW Connect¹ driving will now be even more digital, closely integrated and comfortable. A wide range of services gives you quick access to the California 6.1 – conveniently via your smartphone. The heart of the system is the Volkswagen¹ App. It connects your smartphone to the vehicle with an integrated eSIM card. The standard VW Connect¹ package includes various vehicle reports, useful tools for service planning and a breakdown call. Also included: the parking position finder, which guides you directly to the vehicle. You can add many other services with the VW Connect Plus^{1,2} package. For example, using your smartphone, the online anti-theft warning system immediately sends a message to the mobile phone in the event of burglary attempts, and thanks to online map updates, the map material is always up to date. To take advantage of these exclusive services, you can register today with the VW Connect¹ Portal. Once your vehicle has been activated, you can access the full range of Mobile Online Services.

¹ To use VW Connect services, you need a Volkswagen ID user account and must log in to Volkswagen App with your user name and password. A separate VW Connect contract or VW Connect Plus contract will also need to be made online with Volkswagen AG. For VW Connect Plus you have 90 days after the handover of the vehicle to register the vehicle on www.portal.volkswagen-we.com and can use services free during this time. ² Free of charge for the first year when you order Composition Colour or Discover Media navigation system. There is an extra charge in the event of renewal once the free period has expired. ³ Only in combination with the anti theft alarm system. Standard on Highline models, optional on Startline models. ⁴ The Lock & Unlock service is a security feature and requires a prior identity check by means of the Volkswagen ID procedure. This involves your identity being checked by a Volkswagen dealer or via video chat. ⁵ Available from April 2020. ⁶ Only available in conjunction with the Discover Media navigation system and Streaming & Internet package. Optional at extra cost. The scope of services of VW Connect and VW Connect Plus may vary and can be used at a later date. ⁷ Only in conjunction with the Discover Media navigation systems. Optional at extra cost.

Please note: Screen technology does not allow exact reproduction of the paint and upholstery colours. Some of the vehicles shown are European specification and may be fitted with optional equipment or accessories that are available at extra cost, or do not reflect current specification. All data and specifications are in accordance with information available at the time of publication and are subject to change without notice. Vehicles not currently in Irish stock and customer order vehicles may take a number of weeks for delivery. Certain combinations of vehicle specifications and factory-fitted options are not compatible and therefore all orders received are subject to confirmation. Models, factory fitted-options and paint and upholstery options are subject to availability. Please check details and availability with an authorised Volkswagen Van Centre at the time of ordering.
